

Family Orthodontics Study Club

Don't miss this fantastic & educational night!

Lecture: Facial Driven Treatment Planning with the Damon System as presented at the Yankee Dental Congress by Jeffrey T. Kozlowski, DDS

The Damon System: The breakthrough technology changing the face of orthodontics, going beyond straight teeth to give patients a beautiful smile at any age with more comfort and in less time

- Low force, low friction orthodontics with the Damon System
- Reduced treatment times
- Fewer extractions
- Reduction in the use of auxiliary appliances such as head gear and expanders

Where, When, Why & How:

- **Thursday, July 19, 2007 at 6:00 pm** (registration begins at 5:30 pm)
- Doubletree Hotel (formally Wyndam), 5400 Computer Drive, Westborough (parallel to Route 9 near the Route 495 exits)
- Complimentary lecture, dinner & bar service will be provided
- 50% of the eligible lucky *pre-registered* attendees will be given \$50 gift certificates as door prizes after the lecture (*must be present to win)
- **RSVP to Sue Allen, our Professional Relations Coordinator & Head of Customer Service, by Friday, July 6 by accessing our website Events Page at www.familyorthoonline.com, calling (508)366-7976 or e-mailing Sue at familyortho1@yahoo.com**
- All doctors & team members are invited to attend this complimentary evening with the Family Orthodontics Team!
